

Dear Citizens of Wright City

I am writing today to hopefully encourage each of you and to let you know that the Board of Aldermen, staff and I are working diligently to minimize the impact on your lives from the CoronaVirus (Covid19).

We have participated in multiple meetings with other area leaders, attended webinars for guidance for dealing with the virus outbreak, and have read much information that can be found on the CDC website:

<https://www.cdc.gov/coronavirus/2019-ncov/index.html>

Covid19 Missouri Hotline: 1-877-435-8411

This is a very good resource for factual information.

I would ask all of you to remain calm, use common sense, and follow the sanitation methods to help avoid contracting the virus. If you are over 65 and/or have an underlying medical condition, please try to avoid large groups to minimize contamination. Current guidelines call for groups to be no more than 10 people at a time.

Wash your hands regularly with hot water and soap. Use hand sanitizer if soap and water are not available. Follow the distance suggestion of 6 feet or more between yourself and others.

If you can, stay home! If you are sick, stay home! Hopefully, soon, we will have some sunshine and warmer weather, so you can at least get some fresh air and sunshine on your porch or deck.

Most importantly look out for each other. Call on a neighbor by phone, form a "call you friends and neighbors' group", email, text message or send an encouraging letter.

Please let us know at city hall if you or a neighbor needs any help or support.

We are working on additional resources and information that we will share as it becomes available.

In closing, if we stick together, support each other, pray for each other, be kind and courteous, we will get through this challenge. As we often do in Wright City, by working for the good of all our citizens, we overcome the problems/obstacles.

Our thoughts and prayers are with you all!

#Wright City, Right Place, Right Time, Right Now!!!!
